

## **ARSWC JUNE 2018 MEETING MINUTES**

### **Present:**

Katie Smith, Jon Biehler, Bill Nickerson, Ros Arienti, Paul Schlein

Start time: 6:05                      End time 7:30

**Approve: May Minutes** – done

### **Bulky Items**

Katie to contact Craig and then prepare notice to send out two weeks before

Paul will send Katie previous years file for modification

Before summer people leave, mid-August – (week of August 13th)

Remind people at any point that they can call Roger's and make arrangements

### **Fiberite**

All trash is used to make bio-fuel and recyclables are sorted. Construction has been delayed, those towns that were involved are not able to recycle.

ARSWC suggests waiting until up and running and we can do more research

### **Review of Contracts RC Rogers**

Trash hauling contract has increased \$799.04 and recycling increased \$799.04.

### **Review of Contracts Casella**

Concern about contaminated recycling. ARSWC needs to be informed if our loads are rejected. What would the cost be for the rejected load?

What happens if we don't have a contract ready by July 1st? Since we did not get it until June 15th, two weeks is not enough for Select Board and Arrowsic Lawyer to review and amend. What arrangements be made if we don't have contract ready?

Committee members need to review one last time

Katie will send contract to select board. They are meeting on June 25th, after which contract will have to be reviewed by town lawyer

### **Questions Recyclables –**

If layers can't be separated – it is not recyclable

Still question about the coated paper – are those milk cartons?

### **Town Notice before Arrow Article is published**

Lots of little changes are coming up, should we inform individually or as a bulk notice.

Casella has notified the ARSCWC that coated paper products are currently not accepted in recycling, so please reduce your consumption of those materials. If you do consume products, please with those containers put them in the trash in order to reduce contamination of recyclables. TO BE PUT BELOW JON'S ARTICLE

Is there a way to put a notice on the home page?

### **Review of member appointment schedule--- happening in July, really!**

Three year: Bill, Roz, and Jon

Two year: Ros and Paul

One year: Katie and John

### **Website updating with latest recycling information and video**

Ros sent out link to RORR website – check out the video <https://recycleoftenrecycleright.com/>

Meeting with Paul K to work on website – need quick blurbs

- Jon and Ros to meet with him

### **Revisit shed expansion idea**

Tabled until John is here

### **Reducing our consumption**

ARSWC's agenda now is reducing – example: don't get receipt from Shaws. Ideas on how to

Fall Festival – game idea

### **Next meeting – July 16th**

Respectfully submitted

Ros Arienti
